

Call for Application for the role of Student Assistant

The Department of Information Systems for Sustainable Society ([IS3](#)) is inviting applications for the role of student assistant (8h / week), starting immediately.

We are looking for **Bachelor's** or **early-stage Master's** students with good academic background who are interested to join our team in the following role:

Student Assistant (SHK / WHB, 8 hours/week)

As a student assistant, you will support our researchers in diverse tasks such as data acquisition, refreshing teaching materials, literature search and review. Sometimes, there might be administrative tasks such as exam corrections you can help us with.

You should have a **background in Information Systems** or similar, good analytical thinking, and the ability and willingness to learn new things. Coding and machine learning knowledge are a plus.

SHK (Bachelor): 13,98€/h

WHB (Master): 15,11€/h

Please send applications (incl. CV and grades in one PDF) to is3-teaching@uni-koeln.de. Please note that the minimum employment period is one year!

If you have questions, reach out to Janik Muires (muires@wiso.uni-koeln.de) or Julius Kuhmann (kuhmann@wiso.uni-koeln.de) via mail.
